Today on Samuel Adams Returns – The Anti-federalists Got It Right: **Sam Adams, Teddy R and Trump Standing for We The People.**

Listen Today at 9 AM and 7 PM Eastern on www.lwrn.net

Keeping it simple; The parallel of history show in ways that amazed me as I researched for this program that Sam Adams and yes, Theodore Roosevelt can be recognized on our American setting and that Donald Trump is standing shoulder to shoulder with them. The issues are common although the names change.

I challenge you, as your Action Item for this week, to read the attached 1772 Modernized Rights of the Colonist and the article on the ATT merger with an interview of Theodore Roosevelt.

The Founders wanted us to gain knowledge and get involved! Being a Citizen is an Active involvement in our political life! Let's get our feet on the street for this time is critical.

Join me on today's program to value the Founders perspective of the mirrors of history and the reality of the present.

And because you keep asking!
