Today on Samuel Adams Returns – The Anti-federalists Got It Right: **Get out the Vote - Liberty in the Balance**

Listen Today at 9 AM and 7 PM Eastern on www.lwrn.net

Today I am very passionate about the root of what has been occurring during this last push in the effort to retain our Liberty. I'm discussing the root of Liberty, as our Founders - especially Sam Adams, clearly understood it. That being the roots established in the Reformation!

I'm not ashamed or shy about identifying that evil has been allowed to propagate in this Republic because the pastors have not made Reformation truth extensible into every aspect of life including education and politics. With the lack of our Founders desire for a moral and virtuous people, the battle for the Republic should have started in the pulpits.

Nor am I shy about telling those who have been in the Patriot movement since the '70's, as myself, that becoming sanctimonious now is turning their backs on what they were seeking since those early engagements against socialism, communism, globalism and elitism domestically. The full exposure of the inner workings of the enemies of the Republic can now be confronted by a force that once was in the valley of the shadow, confronted and then steps taken to return to Founders Intent. Because we did not raise many champions of Liberty in the moral and virtuous nature defined by our Founders, those that could have engaged in the mire of the swamp without being caught in the quicksand on the edges - the swamp as predicted by the Anti-federalists over the course of the last 60 years is a complete picture of their warnings - We now must be encouraged by a champion that has seen a greater cause than himself and has risen out of the swamp to fight the alligators and the venomous snakes that he's lived amongst. This is the last hope for the Republic to move in a direction of reform according to Foundational Principles.

Yes, the fight will be grueling since even the majority of those in the Republican Party are swamp monsters too. We who call ourselves true seekers of the Word and Patriots must reach a hand to this new Champion that refuses to give up and is willing to stand on the small island of hope that remains, being our Constitution as intended, as he looks to us to us accountability to help drain the swamp!

I do make an appeal that you listen today if you never have before. If you have been a regular listener, "Thank You"! Based on what is at stake with the Supreme Court, this is the most critical election since the delegates were elected in 1774. The parallels in history are discussed in today. We are fighting for Liberty no different than the time of the Revolution.

The Founders wanted us to gain knowledge and get involved! Being a Citizen is an Active involvement in our political life! Let's get our feet on the street for this time is critical!

Join me on today's program to value the Founders perspective of the mirrors of history and the reality of the present.

And because you keep asking!
